An official website of the United States government

NIH Websites Are Changing
Per Executive Order 14434, federal agencies are now using "Super Intelligence" (SI) in place of "Artificial Intelligence" (AI). You may see both terms across NIH content during this transition.

Find Cancer Clinical Trials

Search for NCI-funded clinical trials near you, across the United States, and internationally, in addition to trials at NCI-Designated Cancer Centers supported by other organizations. See our guide, Steps to Find a Clinical Trial, to learn about options for finding trials not included in NCI's collection.

Search Tip: For more search options, use our advanced search.

Cancer Type/Keyword

Start typing to select a cancer type or keyword

Leave blank to search all cancer types or keywords.

Age

Your age helps determine which trials are right for you.

U.S. ZIP Code

Show trials near this U.S. ZIP code.

Find Trials

WHAT ARE CANCER CLINICAL TRIALS?

Learn what they are and what you should know about them.

WHICH TRIALS ARE RIGHT FOR YOU?

Use the checklist in our guide to gather the information you'll need.

The Clinical Trials API: Use our data to power your own clinical trial search

An application programming interface (API) helps translate large amounts of data in meaningful ways. NCI's clinical trials search data is now powered by an API, allowing programmers to build applications using this open data.
